Dear Resident/Business Manager

School Streets Trial Reminder: Temporary access restrictions for non-essential vehicles on Mary Drake Close and Whitefield Road

This is a reminder that School Streets is launching at our school, Cadland Primary, on 16th July. Please read the information below carefully and get in touch if you have any questions or would like to volunteer.

In partnership with Hampshire County Council, our school is planning to trial a 'School Street' initiative on Mary Drake Close and Whitefield Road, to introduce timed restrictions on the use of motor vehicles during the start and end of the school day. This will allow our children and families to walk, scoot or cycle to school in what will generally be a car-free environment.

A temporary restriction on vehicle access will be introduced on Mary Drake Close and part of Whitefield Road (**see below**) between 08.15-9.00 and 14.30-15.15. During these periods, trained School Streets stewards in high-visibility vests will place barriers on the road to restrict access for non-essential vehicles. The School Street will not operate during school holidays, INSET days or at weekends. These temporary restrictions will not apply to residential/business premises within the affected area of the street, emergency services, blue badge holders, deliveries and carers of residents on the street. However, we would ask that you try to avoid driving through the school street zone during these times where possible and avoid scheduling deliveries for these periods. Any residents wanting to enter or exit the street will be asked to drive at walking pace and may be escorted if appropriate. All existing parking restrictions will operate as normal. The School Street trial will commence on 16 July 2021 and will be in effect until at least the end of October 2021, at which time the County Council will make a decision on whether to continue the trial for a longer duration.

A list of common FAQs regarding the operation of the restrictions was sent previously and is available at myjourneyhampshire.com/hants-school-streets. Please contact the County Council if you need another copy to be sent.

If you share with us the enthusiasm we have for a car-free school street, then perhaps you will consider becoming a volunteer steward. Stewards help to manage traffic at the barriers and ensure that children are safe at pick up and drop off times. If you are available on any days at drop-off / pick-up times and are keen to be part of our School Street community, then do get in touch with us. Full training will be provided.

We hope that you will be supportive of this project. Along with the County Council, we value your feedback and welcome any comments you would like to make regarding the trial. You can give feedback at any time using the email address below. If you have any questions or comments about the School Street, please get in touch by emailing saferplaces@hants.gov.uk or contact the school directly.
