

My Walktober Journey Report Competition entry form

Full Name

Alex Streeter

Age

6

School

Newtown Infant School

What I see on my scoot to school

I like scooting to school with my dad and brother. Sometimes we talk as we scoot and sometimes we play games like eye spy. I see lots of things and my dad has taken photos of the best things. I like waving to our neighbour each morning it always makes us smile.

If somebody hasn't scooted before I'd tell them to practice starting and stopping, don't go too fast and have fun. Also, at my school to keep everyone safe we always walk with our scooters when we are in the playground.
