# My Journey Primary School STARS Planner – Summer 2026

## April

**World Autism Acceptance Month** (W16-18, R19-21, CU15, PU7) – Enable pupil discussions about their built environment and promote understanding around accessibility by using the [Accessibility Audit Quick Guide](#).

**Earth Day** (CU10-12) – Pupils could write reports to showcase the active travel journeys of staff or pupils, particularly more unusual journeys such as travelling by cargo bike.

## May

**National Walking Month** (W9, W11) – Use the [Walking Trips Quick Guide](#) to plan a walk from school or as part of an off-site trip. Why not involve the pupils with route planning too?

**Mental Health Awareness Week** (W11, W16-18) – Plan a wellbeing walk and talk in nature for each day of the week. It could be in the school grounds or use the [Walking Trips Quick Guide](#) to plan a walk at a local greenspace.

**Walk with Wheels Week** (W6, R24) – Early years settings can [register to take part](#) and receive free resources to run this week-long event.

**Walk to School Week** (W6, CU15) – Take part in Walk to School Week by registering for free resources from the Road Safety Team ([road.safety@hants.gov.uk](mailto:road.safety@hants.gov.uk))

**World Orienteering Week** (W11, W16-18) – Create a mapped trail in your school grounds or local area for pupils to navigate to checkpoints or clues.

**Outdoor Classroom Day** (R4, R5) – Get outside for some practical road safety training. Use the [Pedestrian Skills Quick Guide](#) and the [Scooter Training Quick Guide](#).

## Transition time (R13, PR18, CU15)

Throughout June and July help pupils prepare for the journey to their new schools. Use the [Just the Journey maps](#), trial the new routes and look up [bus](#) or [train](#) timetables. Share the [My Journey transition resources](#) with parents.

## June

**World Bicycle Day** (C15) – Hold a ‘Bling your Ride’ day. Our [Quick Guide](#) can help with ideas how to organise and run an event.

**World Environment Day** (W9) – Combine a nature walk with an art project. Children collect fallen, natural items to create eco-inspired art.

**The Great Big Green Week** (AQ10-12, PR1) – Ask staff and families to swap a car journey and use other modes of travel as often as possible. Celebrate all the journey swaps in the school newsletter.

**Bike Week** (C8, C16-18) – Use our [Golden Lock Quick Guide](#) to encourage staff and pupils to cycle to school.

**The Clean Air Challenge** (AQ14, W16-18, C16-18) – Take part in [The Clean Air Challenge](#) and walk, wheel, scoot and cycle to cleaner air.

**Learning Disability Week** (W9) – Plan a sensory walk in your school grounds or local area. Include activities like touching different plants, listening to bird songs, and observing colours in nature.

**Clean Air Day** (AQ13, AQ14, AQ15, CU2) – Run a no-idling initiative to highlight the importance of clean air on our health. Use the [No-Idling Quick Guide](#) for inspiration.

## July

**Net Zero Week** (AQ2, AT4) – Have a car free day, ask staff and pupils to travel to and from school using alternative modes of travel.
